

The Elephant

Went to the ear doctor's
And sat down in the chair
And the doctor said, «Now tell me, sir,
Why does it hurt and where?»
And the elephant said, «I'll tell you the truth
I have a terrible, terrible ache in my ear,»
And he approached his ear so close, so close
The doctor, he climbed right inside,
And the doctor laughed, «oh isn't this fun?»
As he pulled an ear out.
And the elephant cried, «You're hurting me so!
Please put down your pliers and let me go. «But the doctor laughed with a HO HO HO,
And he said, "I still have one to go
Oops, that's the wrong one, I confess,
But what's one elephant's ears more or a less?"
Then suddenly, the elephant went SNAP,
And the doctor was gone, right of the map
And where he went no one could guess.
To North or South or East or West
He left no forwarding address,
But what's one doctor, more or less?
